Zebra zp 450 ctp labels

The Zebra ZP450 thermal label printer is a small, compact, desktop-size barcode shipping label printer that designed specifically to print UPS WorldShip thermal shipping labels. It also prints USPS 2-D data matrix "stamps". If you print a couple of labels a day or run a booming business shipping a hundred packages a day, the Zebra ZP450 printer will keep up and gives you reliable performance for a variety of other business applications. This Zebra thermal label printer is easy to install the ZP450 driver and maintain to keep in perfect working order. It also supports user-defined fonts and graphics. The Zebra 450 printer is a direct thermal label printer and prints with no ink, this is its biggest advantage. It uses thermal printing that utilizes no ink, but instead uses heat to 'burn' the images with high resolution 203 dpi (8 dots/ mm) into the label; with thermal direct technology, you will never need to refill ink or toner, which can equal big savings if you print a lot of labels! The Zebra ZP 450 high speed shipping label printer prints up to 5 inch/second (5 ips), which means it prints one 4x6" shipping label in 1.2 seconds. It is made with impact-proof ABS plastic and is designed to withstand years of everyday printing. It is the perfect choice thermal printer for Amazon FBA. The ZP450 Zebra printer is a multi-functional printer that replaces the classic Zebra 2844 to print shipping labels, product labels, barcode labels, and inventory labels for other purpose. You can also upgrade to adjustable rails, which allow you to change the width of the label size, so you can use a different Zebra ZP450 label size and then the ZP450 thermal label printer is able to print a minimum of 0.75" and a maximum of 4.25" wide. The Zebra ZP450 label printer conveniently harmonizes with your existing desktop setup or warehouse to effortlessly create shipping labels and other business barcode labels. Connections that are included with the ZP-450 thermal printer are: parallel, USB, with an optional upgrade to Ethernet or Wireless, this type of flexibility and reliability, make the ZP-450 perfect for your business shipping labeling protocols. We provide these printers to many eBay Powersellers that say this printer is the best label printer for eBay. It is compatible with all of the programs that use Zebra's EPL and EPL II programming languages. Multiple Paper-Type Support The Zebra ZP450 thermal label printer supports roll thermal direct label paper loaded inside the printer, as well as, fanfold paper loaded from back. Many types of thermal label papers are supported, we recommend our brand paper, as we have tested and confirmed your printer works properly and include the test roll and a few extra labels to get you going! As an added bonus, the ZP450 printer works with most FREE shipping labels provided by: UPS, FedEx and others in thermal shipping Zebra ZP 450 label size: 4x6", 4x8", etc. This feature alone, makes this the best shipping label printer for Amazon. Seamlessly Connect With Popular Shipping Softwares: This Zebra thermal printer is able to print shipping labels for: EasyPost, ShipStation, ShipWorks, Shippo, ShipWire, ShippingEasy, XPSship, UPS World Ship, Stamps.com, Endicia, UPS, USPS, FedEx, & DHL.
